Invitation - IT SECURITY 2007

Dear Sir,

It gives us great pleasure to invite you to the leading security and e-government workshop, **IT Security 2007**, to be held on 15th **May 2007** at **Nile plaza four seasons in Cairo, EGYPT**.

Focused entirely on high end security, this workshop enables you to discover how you can safeguard your organization with high-level security solutions.

IT Security 2007 has been exclusively designed to include topics and case study sessions hosted by industry experts to give you the opportunity to examine innovative business approaches and benchmark your IT Security process. Topics to be discussed will include:

- How your organization can achieve higher security levels with PKI (Root CA)
- How easy is it to tap your highly encrypted communications network?
- How secure is your traditional firewall?
- How hackers can breach your security
- Cyber-crime investigations and evidence gathering
- The only secure real time Electronic Data Transfer
- Maximum security Data Centres

Kindly confirms the Nr of participant in order to book seats. via FAX: +971 4 390 47 57

Or E-mail: agchbib@agt-technology.com

Please do not hesitate to contact me for any additional information that you may require at +971504507990

Looking forward to seeing you there.

Sincerely,

Aghiath Chbib
