Hi Peter,

You will have a long life :-)...I was just about to send you an email asking if you had the address confirmation from the Dutch Police...

I'm copying to your email **Marco Bettini** (Head of Sales), **Alessandro Scarafile** (Head of Field Application Engineers) and **Lorenzo Invernizzi** (HT's FAE).

Both Marco and Lorenzo will be participating to the meeting and demo. We anticipated that there will be technical questions so, yes, I can confirm that Lorenzo has the experience to answer technical questions about our capabilities: he has already performed complete installation of our solution and also full training to end-users in different countries and cultural environments. He is by the way this week performing an installation and training this week :-).

Could you tell us how many people and technical people you anticipate in the meeting ?

Regarding the other unit meeting, if we consider the time to travel from one location to the other, the set-up time (at least 15mn if everything is ready: cables LAN, projects), and the time sufficient to do the presentation, the demo and the Q&A, I think it is too short to do the 2nd meeting on Monday morning. All the more if the meeting with the Dutch Police is at 12.45.

What we had planned to do is to remain one more day, and to do the second meeting on the 7th in the morning or afternoon. Is it possible ? Alternatively we could do the 6th, but in the late afternoon after the Dutch Police demo, so that we **have no time constraint to stop and run...7th is definitely better.**

Hi Peter (Sakkers), nice hearing from you. And thank you in advance for helping us in the logistics and pick-up arrangements. Marco will send you the flight details and be in contact with you.

**I'm convinced that there is a real need in the Netherlands for such a capability and that we will impress them :-)**

Enjoy Asia and see you soon.

Philippe

Hi Phillipe,

I had a meeting today with the National Police regarding the demonstration on Monday the 6th.

We are expected to turn up at 12:45 at a secret location (we get the details this Thursday) for the meeting and demonstration. They will make sure all the right setup requirements are present.

They specifically requested that a deep technical expert is present as they will have a lot of question. Their words : not a salespitch but a real capability overview.

Another unit (military intelligence) requested if they could do a separate meeting/demo in our office in the Netherlands in the morning of the 6th. Will that be possible? How long is your setup time?

It will take a hour to drive from our office in Haarlem (Stolbergstraat 9 in Haarlem) to the requested location.

I will not be present as I am leaving to Asia this Sunday. But Peter Sakkers (in CC) will be at both meetings to support you.

Please let me know flight details etc, so Peter can make arrangements to pick you up etc.

It seems the interest is real, so fingers crossed and hopefully we will move forward to a positive result.

Best regards,

Hola Eduardo,

We have the NDA translated to Spanish (see attached).

**For your information: in fact we don't have a NDA in Spanish (we don't sign agreement in Spanish), we have an NDA with both English and Spanish version in the same document. Which is not technically the same : -) ...The one that prevails is the English version. The Spanish translation is to help the understanding of our Spanish speaking end-users and prospects.**

Regarding the questionnaire, you can tell him that this will help you in adapting your presentation/demo to what is really of interest to them. So this is to their benefit. If not, you can take advantage of your physical presence during the meeting, to go through the questionnaire and fill it with them (with the support of your partner). The questionnaire is also important before we do a configuration for any future Budgetary Proposal. So sooner or later they will have to do it.

Regarding the documents to prepare for your demo, have you sent them the one-page demo document that explains what we will show and what we need ? This can be useful as well.

I hope this helps you

Mucha suerte !

Hi Eduardo

according to the client the presentation for 9th July is confirmed. They are reluctant to sign the NDA as it is in English and they do not understand it protects both parties.

I do not see them be quick about filling in the questionnaire. I am quite sure a lot of information will be put on the table July 9, however.

Let me know when you wish to talk. On Skype I am karelcoors

Hola Eduardo,

We have the NDA translated to Spanish (see attached).

**For your information: in fact we don't have a NDA in Spanish (we don't sign agreement in Spanish), we have an NDA with both English and Spanish version in the same document. Which is not technically the same : -) ...The one that prevails is the English version. The Spanish translation is to help the understanding of our Spanish speaking end-users and prospects.**

Regarding the questionnaire, you can tell him that this will help you in adapting your presentation/demo to what is really of interest to them. So this is to their benefit. If not, you can take advantage of your physical presence during the meeting, to go through the questionnaire and fill it with them (with the support of your partner). The questionnaire is also important

Regarding the documents to prepare for your demo, have you sent them the one-page demo document that explains what we will show and what we need ? This can be useful as well.

I hope this helps you

Suerte !

Hello Karel,

The earliest date for the demo would be any day from next week starting on Tuesday 30th of June to Friday 3rd of July, or the following week from the 6th to 9th of July. Just select the most suitable date for you and end-user and let us know in advance so we can arrange the trip.

After you send us the NDA we will send you a document describing our demonstration and its requirements. For now I can tell you that I would use a cabled internet connection and a TV/projector.

Hola Eduardo,

We have the NDA translated to Spanish (see attached).

**For your information: in fact we don't have a NDA in Spanish (we don't sign agreement in Spanish), we have an NDA with both English and Spanish version in the same document. Which is not exactly the same...The one that prevails is English.** The Spanish translation is to help the understanding of our Spanish speaking end-users and prospects :-)

Regarding the questionnaire, you can tell him that this will help you in adapting your presentation/demo to what is really of interest to them. So this is to their benefit. Regarding the documents to prepare for your demo, have you sent them the one-page demo document that explains what we will show and what we need? This can be useful as well.

I hope this helps you

Suerte !

Hi Eduardo

according to the client the presentation for 9th July is confirmed. They are reluctant to sign the NDA as it is in English and they do not understand it protects both parties.

I do not see them be quick about filling in the questionnaire. I am quite sure a lot of information will be put on the table July 9, however.

Let me know when you wish to talk. On Skype I am karelcoors

After you send us the NDA we will send you a document describing our demonstration and its requirements. For now I can tell you that I would use a cabled internet connection and a TV/projector.

Hi Peter,

You will have a long life :-)...I was just about to send you an email asking if you had the address confirmation from the Dutch Police...

I'm copying to your email **Marco Bettini** (Head of Sales), **Alessandro Scarafile** (Head of Field Application Engineers) and **Lorenzo Invernizzi** (HT's FAE).

Both Marco and Lorenzo will be participating to the meeting and demo. We anticipated that there will be technical questions so, yes, I can confirm that Lorenzo has the experience to answer technical questions about our capabilities: he has already performed complete installation of our solution and also full training to end-users in different countries and cultural environments. He is by the way this week performing an installation and training this week :-).

Could you tell us how many people and technical people you anticipate in the meeting ?

Regarding the other unit meeting, if we consider the time to travel from one location to the other, the set-up time (at least 15mn if everything is ready: cables LAN, projects), and the time sufficient to do the presentation, the demo and the Q&A, I think it is too short to do the 2nd meeting on Monday morning. All the more if the meeting with the Dutch Police is at 12.45.

What we had planned to do is to remain one more day, and to do the second meeting on the 7th in the morning or afternoon. Is it possible ? Alternatively we could do the 6th, but in the late afternoon after the Dutch Police demo, so that we **have no time constraint to stop and run...7th is definitely better.**

Hi Peter (Sakkers), nice hearing from you. And thank you in advance for helping us in the logistics and pick-up arrangements. Marco will send you the flight details and be in contact with you.

**I'm convinced that there is a real need in the Netherlands for such a capability and that we will impress them :-)**

Enjoy Asia and see you soon.

Hi Phillipe,

I had a meeting today with the National Police regarding the demonstration on Monday the 6th.

We are expected to turn up at 12:45 at a secret location (we get the details this Thursday) for the meeting and demonstration. They will make sure all the right setup requirements are present.

They specifically requested that a deep technical expert is present as they will have a lot of question. Their words : not a salespitch but a real capability overview.

Another unit (military intelligence) requested if they could do a separate meeting/demo in our office in the Netherlands in the morning of the 6th. Will that be possible? How long is your setup time?

It will take an hour to drive from our office in Haarlem (Stolbergstraat 9 in Haarlem) to the requested location.

I will not be present as I am leaving to Asia this Sunday. But Peter Sakkers (in CC) will be at both meetings to support you.

Please let me know flight details etc, so Peter can make arrangements to pick you up etc.

It seems the interest is real, so fingers crossed and hopefully we will move forward to a positive result.

Hi Phillippe,

I had a meeting today with the National Police regarding the demonstration on Monday the 6th.

We are expected to turn up at 12:45 at a secret location (we get the details this Thursday) for the meeting and demonstration. They will make sure all the right setup requirements are present.

They specifically requested that a deep technical expert is present as they will have a lot of question. Their words : not a salespitch but a real capability overview.

Another unit (military intelligence) requested if they could do a separate meeting/demo in our office in the Netherlands in the morning of the 6th. Will that be possible? How long is your setup time?

It will take a hour to drive from our office in Haarlem (Stolbergstraat 9 in Haarlem) to the requested location.

I will not be present as I am leaving to Asia this Sunday. But Peter Sakkers (in CC) will be at both meetings to support you.

Please let me know flight details etc, so Peter can make arrangements to pick you up etc.

It seems the interest is real, so fingers crossed and hopefully we will move forward to a positive result.

Best regards,

Hi Peter,

You will have a long life :-)...**I was just about to send you an email asking if you had the address confirmation from the Dutch Police...**

**I'm copying to** your email **Marco Bettini** (Head of Sales), **Alessandro Scarafile** (Head of Field Application Engineers) and **Lorenzo Invernizzi** (HT's FAE).

Both Marco and Lorenzo will be participating to the meeting and demo. We anticipated that there will be technical questions so, yes, I can confirm that Lorenzo has the experience to answer technical questions about our capabilities: he has already performed complete installation of our solution and also full training to end-users in different countries and cultural environments. He is by the way this week performing an installation and training this week :-).

Could you tell us how many people and technical people you anticipate in the meeting ?

Regarding the other unit meeting, if we consider the time to travel from one location to the other, the set-up time (at least 15mn if everything is ready: cables LAN, projects), and the time sufficient to do the presentation, the demo and the Q&A, I think it is too short to do the 2nd meeting on Monday morning. All the more if the meeting with the Dutch Police is at 12.45.

What we had planned to do is to remain one more day, and to do the second meeting on the 7th in the morning or afternoon. Is it possible ? Alternatively we could do the 6th, but in the late afternoon after the Dutch Police demo, so that we **have no time constraint to stop and run...7th is definitely better.**

Hi Peter (Sakkers), nice hearing from you. And thank you in advance for helping us in the logistics and pick-up arrangements. Marco will send you the flight details and be in contact with you.

**I'm convinced that there is a real need in the Netherlands for such a capability and that we will impress them :-)**

Enjoy Asia and see you soon.

Philippe

He is by the way this week performing an installation and training this week :-).

Could you tell us how many people and technical people you anticipate in the meeting ?

Regarding the other unit meeting, if we consider the time to travel from one location to the other, the set-up time (at least 15mn if everything is ready: cables LAN, projects), and the time sufficient to do the presentation, the demo and the Q&A, I think it is too short to do the 2nd meeting on Monday morning. All the more if the meeting with the Dutch Police is at 12.45.

What we had planned to do is to remain one more day, and to do the second meeting on the 7th in the morning or afternoon. Is it possible ? Alternatively we could do the 6th, but in the late afternoon after the Dutch Police demo, so that we **have no time constraint to stop and run...7th is definitely better.**

I had a meeting today with the National Police regarding the demonstration on Monday the 6th.

We are expected to turn up at 12:45 at a secret location (we get the details this Thursday) for the meeting and demonstration. They will make sure all the right setup requirements are present.

They specifically requested that a deep technical expert is present as they will have a lot of question. Their words : not a salespitch but a real capability overview.

Another unit (military intelligence) requested if they could do a separate meeting/demo in our office in the Netherlands in the morning of the 6th. Will that be

possible? How long is your setup time?

It will take a hour to drive from our office in Haarlem (Stolbergstraat 9 in Haarlem) to the requested location.

I will not be present as I am leaving to Asia this Sunday. But Peter Sakkers (in CC) will be at both meetings to support you.

Please let me know flight details etc, so Peter can make arrangements to pick you up etc.

It seems the interest is real, so fingers crossed and hopefully we will move forward to a positive result.

Hi Eduardo

according to the client the presentation for 9th July is confirmed.They are reluctant to sign the NDA as it is in English and they do not understand it protects both parties.

I do not see them be quick about filling in the questionnaire. I am quite sure a lot of information will be put on the table July 9, however.

Hi Peter,

You will have a long life :-)...I was just about to send you an email asking if you had the address confirmation from the Dutch Police...

I'm copying to your email **Marco Bettini** (Head of Sales), **Alessandro Scarafite** (Head of Field Application Engineers) and **Lorenzo Invernizzi** (HT's FAE).

Both Marco and Lorenzo will be participating to the meeting and demo. We anticipated that there will be technical questions and yes, I can confirm that Lorenzo has the experience to answer technical questions about our capabilities: he has already performed complete installation of our solution and also full training to end-users in different countries and cultural environment. He is by the way this week performing an installation and training in the Middle East :-).

Could you tell us how many people and technical people you anticipate in the meeting ?

Regarding the other unit meeting, if we consider the time to travel from one location to the other, the set-up time (at least 15mn if everything is ready: cables LAN, projects), and to have a sufficient time to do the presentation, the demo and the Q&A, I think it is too short to do the 2nd meeting on Monday morning. All the more if the meeting with the Dutch Police is at 12.45.

What we had planned to do is to remain one more day, and to do the second meeting on the 7th in the morning or afternoon. Is it possible ? Alternatively we could

I had a meeting today with the National Police regarding the demonstration on Monday the 6th.

We are expected to turn up at 12:45 at a secret location (we get the details this Thursday) for the meeting and demonstration. They will make sure all the right setup requirements are present.

They specifically requested that a deep technical expert is present as they will have a

lot of question. There words : not a salespitch but a real capability overview.  
Another unit (military intelligence) requested if they could do a separate meeting/demo in our office in the Netherlands in the morning of the 6th. Will that be possible? How long is your setup time?

It will take a hour to drive from our office in Haarlem (Stolbergstraat 9 in Haarlem) to the requested location.

I will not be present as I am leaving to Asia this Sunday. But Peter Sakkers (in CC) will be at both meetings to support you.

Please let me know flight details etc, so Peter can make arrangements to pick you up etc.

It seems the interest is real, so fingers crossed and hopefully we will move forward to a positive result.

Hi Phillipe,

I had a meeting today with the National Police regarding the demonstration on Monday the 6th.

We are expected to turn up at 12:45 at a secret location (we get the details this Thursday) for the meeting and demonstration. They will make sure all the right setup requirements are present.

They specifically requested that a deep technical expert is present as they will have a lot of question. Their words : not a salespitch but a real capability overview.

Another unit (military intelligence) requested if they could do a separate meeting/demo in our office in the Netherlands in the morning of the 6th. Will that be possible? How long is your setup time?

It will take a hour to drive from our office in Haarlem (Stolbergstraat 9 in Haarlem) to the requested location.

I will not be present as I am leaving to Asia this Sunday. But Peter Sakkers (in CC) will be at both meetings to support you.

Please let me know flight details etc, so Peter can make arrangements to pick you up etc.

It seems the interest is real, so fingers crossed and hopefully we will move forward to a positive result.

Best regards,

**Peter Stolwerk Co-Owner and COO Providence Group**

Hi Alessandro,

Corretto. Demo to the Dutch Police (remember Dutch = Netherlands :-)) is confirmed and Marco will be attending from the Sales team. We are just lacking the place to meet that Providence should confirm.

**The Partner training is not cancelled...it has just been postponed...and we don't know the date yet...We** are trying to look for a date where Providian (UK), Chenega (US) and maybe Rayzone (Israel) could be together so that we do only the partner training once.

Thanks

Hello Karel,

The earliest date for the demo would be any day from next week starting on Tuesday 30th of June to Friday 3rd of July, or the following week from the 6th to 9th of July. Just select the most suitable date for you and end-user and let us know in advance so we can arrange the trip.

After you send us the NDA we will send you a document describing our demonstration and its requirements. For now I can tell you that I would use a cabled internet connection and a TV/projector.

I put in cc my colleague Eduardo Pardo, an HT Field Application Engineer based in Colombia; he will be involved for arranging the presentation/demonstration in Quito.

Then we develop the opportunity step by step.

Hi Philippe,

With this email I would like to introduce you to Karel Coors.

Karel lives in Ecuador and has been a strong partner for Providence in that country.  
Karel has got some great relationships into the right user groups and has been a  
excellent partner for us.

Karel has been approached by one of his customers and I think there is a business  
opportunity for Hackingteam in this.

I hope that with this introduction you both can connect together on a short notice  
and hopefully create some good business from this.

The earliest date for the demo would be any day from next week starting on Tuesday 30th of June to Friday 3rd of July, or the following week from the 6th to 9th of July. Just select the most suitable date for you and end-user and let us know in advance so we can arrange the trip.

After you send us the NDA we will send you a document describing our demonstration and its requirements. For now I can tell you that I would use a cabled

Hello Karel,

The earliest date for the demo would be any day from next week starting on Tuesday 30th of June to Friday 3rd of July, or the following week from the 6th to 9th of July. Just select the most suitable date for you and end-user and let us know in advance so we can arrange the trip.

After you send us the NDA we will send you a document describing our demonstration and its requirements. For now I can tell you that I would use a cabled internet connection and a TV/projector.

Best regards,

Eduardo Pardo Field Application Engineer Hacking Team

Eduardo: please advise what requirements you have to be able to do the demo.

I have attached to this email our Partner Policy and the NDA.

Hi Philippe,

With this email I would like to introduce you to Karel Coors.

Karel lives in Ecuador and has been a strong partner for Providence in that country. Karel has got some great relationships into the right user groups and has been a excellent partner for us.

Karel has been approached by one of his customers and I think there is a business opportunity for Hackingteam in this.

I hope that with this introduction you both can connect together on a short notice and hopefully create some good business from this.

Good morning,

I am writing to update you on the exhibition scheduled for the 27th August 2015. Providence have over 100 guests already confirmed from the Police, Military and Government community. I am still finalising the exhibition floor plan and will forward as soon as it has been finalised. Each company will have a 6ft table and chair with power socket. Internet connection will be available from two independent Wi-Fi spots. (GSM coverage is quite poor on site, the entire exhibition will be sharing the Wi-Fi so please plan accordingly).

I have attached the invoice for payment. Please can you pay in advance to secure placement and if you have not already done so, send me a list of names for the exhibitors indicating if you are planning to stay for the BBQ. Set up will be from 1200hrs on the 26th August **followed by an evening reception at the 'Left Bank'** restaurant in Hereford. This will be open to a mixture of suppliers and clients.

The exhibition and BBQ is a non-profitable event with all proceeds going to military charities. Providence will be holding a raffle and auction during the BBQ and would welcome appropriate donations to the prize fund. Of course donations received will be announced alongside the sponsoring companies name.

Please do not hesitate to contact me should you wish to discuss in further detail.

Kind regards

I have attached the invoice for payment. Please can you pay in advance to secure placement and if you have not already done so, send me a list of names for the exhibitors indicating if you are planning to stay for the BBQ. Set up will be from **1200hrs on the 26th August followed by an evening reception at the 'Left Bank'** restaurant in Hereford. This will be open to a mixture of suppliers and clients.

The exhibition and BBQ is a non-profitable event with all proceeds going to military charities. Providence will be holding a raffle and auction during the BBQ and would welcome appropriate donations to the prize fund. Of course donations received will be announced alongside the sponsoring companies name.

Please do not hesitate to contact me should you wish to discuss in further detail.

Dear All,

regarding Providence event of next August 26th-27th , I indicated on the registration form the following participants:

- Philippe Vinci;
- Massimiliano Luppi;
- Alessandro Scarafile;

I am going to confirm your attendance to Providence Exhibition + BBQ on August 27th (as previously agreed) , but I ask you for confirmation of your attendance also during evening reception that will be held on August 26th (Philippe already confirmed, now I ask Alessandro and Max to confirm their presence too).

I should inform the organizers by the end of the week.

Please, let me know, and I will email Providence staff to set all.

FYI, below some further info about the event:

*"I am writing to update you on the exhibition scheduled for the 27th August 2015. Providence have over 100 guests already confirmed from the Police, Military and Government community. I am still finalising the exhibition floor plan and will forward as soon as it has been finalised. Each company will have a 6ft table and chair with power socket. Internet connection will be available from two independent Wi-Fi spots. (GSM coverage is quite poor on site, the entire exhibition will be sharing the Wi-Fi so please plan accordingly).*

*I have attached the invoice for payment. Please can you pay in advance to secure placement and if you have not already done so, send me a list of names for the exhibitors indicating if you are planning to stay for the BBQ. Set up will be from 1200hrs on the 26th August followed by an evening reception at the 'Left Bank' restaurant in Hereford. This will be open to a mixture of suppliers and clients.*

Hi Alessandra,

Thanks for your follow up. Yes, you can book me for the August 26th reception.

My idea is to try to organize other meetings in the UK( London, etc...) on 25th and 26th morning... I always try to take advantage of any trip, to see more prospects/partners, and not travel only for Providence's Party :-).

I will let you know as I progress on the meetings on the date I'll need to leave Milan.

For the moment, yes, you can book me on the night of August 26th and try to find a hotel spot in this lost place of Hereford :-)

Thanks

Philippe

Hi Philippe,

as agreed with Giancarlo, for now we would confirm the attendance of you, Max and Alessandro.

I only ask you if you want to attend also the evening reception on August 26th, so that I can book for you 3 a flight landing in the late morning/afternoon.

Just let me know by tomorrow at the maximum, that is the deadline for communicating these information.

Thank you.

Have a nice day!

Good morning,

I am writing to update you on the exhibition scheduled for the 27th August 2015. Providence have over 100 guests already confirmed from the Police, Military and Government community. I am still finalising the exhibition floor plan and will forward as soon as it has been finalised. Each company will have a 6ft table and chair with power socket. Internet connection will be available from two independent Wi-Fi spots. (GSM coverage is quite poor on site, the entire exhibition will be sharing the Wi-Fi so please plan accordingly).

I have attached the invoice for payment. Please can you pay in advance to secure placement and if you have not already done so, send me a list of names for the exhibitors indicating if you are planning to stay for the BBQ. Set up will be from 1200hrs on the 26th **August followed by an evening reception at the 'Left Bank'** restaurant in Hereford. This will be open to a mixture of suppliers and clients.

The exhibition and BBQ is a non-profitable event with all proceeds going to military charities. Providence will be holding a raffle and auction during the BBQ and would welcome appropriate donations to the prize fund. Of course donations received will be announced alongside the sponsoring companies name.

Please do not hesitate to contact me should you wish to discuss in further detail.

Kind regards

Darren Ennis

Ciao Antonella,  
di seguito quotazione della struttura indicata nel form:

ESA WASHINGTON DC RESTON (h)

INDIRIZZO: 12190 SUNSET HILLS RD. - RESTON TARIFFA : usd 64.99 (58.00 eur)a  
notte + 12% di tasse = usd 72.79 (65.00 eur) a notte tasse incluse, colazione

Buongiorno,

In allegato i dettagli della richiesta in oggetto.

Per quanto riguarda il pernottamento, nel form è stato indicato un hotel, nel quale è possibile **scegliere stanze con cucina all'interno, ma sembra non avere buonissime** recensioni. Potreste indicarmi hotel nella zona (se conosciuti) che abbiano le stesse caratteristiche ma meglio recensiti? La località deve rimanere Reston.

Attendo riscontro e ringrazio anticipatamente.

Good morning,

I am writing to update you on the exhibition scheduled for the 27th August 2015. Providence have over 100 guests already confirmed from the Police, Military and Government community. I am still finalising the exhibition floor plan and will forward as soon as it has been finalised. Each company will have a 6ft table and chair with power socket. Internet connection will be available from two independent Wi-Fi spots. (GSM coverage is quite poor on site, the entire exhibition will be sharing the Wi-Fi so please plan accordingly).

I have attached the invoice for payment. Please can you pay in advance to secure placement and if you have not already done so, send me a list of names for the exhibitors indicating if you are planning to stay for the BBQ. Set up will be from 1200hrs on the 26th August followed by an evening reception at the '**Left Bank**' restaurant in Hereford. This will be open to a mixture of suppliers and clients.

The exhibition and BBQ is a non-profitable event with all proceeds going to military charities. Providence will be holding a raffle and auction during the BBQ and would welcome appropriate donations to the prize fund. Of course donations received will be announced alongside the sponsoring companies name.

Please do not hesitate to contact me should you wish to discuss in further detail.

Kind regards

Darren Ennis

Ciao Antonella,  
di seguito quotazione della struttura indicata nel form:

ESA WASHINGTON DC RESTON (h)  
INDIRIZZO: 12190 SUNSET HILLS RD. - RESTON TARIFFA : usd 64.99 (58.00 eur) a notte + 12% di tasse = usd 72.79 (65.00 eur) a notte tasse incluse, colazione esclusa TIPOLOGIA DI CAMERA: studio CANCELLATION POLICY: 6PM locali di 2gg antecedenti l'arrivo

La struttura risulta essere disponibile per entrambi i periodi di soggiorno.

Risultano esserci altre strutture che abbiano le stesse caratteristiche, ma non nella località di Reston, bisognerebbe spostarsi almeno su Herndon.

Restiamo a disposizione per ulteriori informazioni.

Good morning,

I am writing to update you on the exhibition scheduled for the 27th August 2015. Providence have over 100 guests already confirmed from the Police, Military and Government community. I am still finalising the exhibition floor plan and will forward as soon as it has been finalised. Each company will have a 6ft table and chair with power socket. Internet connection will be available from two independent Wi-Fi spots. (GSM coverage is quite poor on site, the entire exhibition will be sharing the Wi-Fi so please plan accordingly).

I have attached the invoice for payment. Please can you pay in advance to secure placement and if you have not already done so, send me a list of names for the exhibitors indicating if you are planning to stay for the BBQ. Set up will be from **1200hrs on the 26th August followed by an evening reception at the 'Left Bank'** restaurant in Hereford. This will be open to a mixture of suppliers and clients.

The exhibition and BBQ is a non-profitable event with all proceeds going to military charities. Providence will be holding a raffle and auction during the BBQ and would welcome appropriate donations to the prize fund. Of course donations received will be announced alongside the sponsoring companies name.

Please do not hesitate to contact me should you wish to discuss in further detail.

**Subject:** Providence Exhibition Good morning, I am writing to update you on the exhibition scheduled for the 27th August 2015. Providence have over 100 guests already confirmed from the Police, Military and Government community. I am still finalising the exhibition floor plan and will forward as soon as it has been finalised. Each company will have a 6ft table and chair with power socket. Internet connection will be available from two independent Wi-Fi spots. (GSM coverage is quite poor on site, the entire exhibition will be sharing the Wi-Fi so please plan accordingly). I have attached the invoice for payment. Please can you pay in advance to secure placement and if you have not already done so, send me a list of names for the

exhibitors indicating if you are planning to stay for the BBQ. Set up will be from 1200hrs on the 26th **August followed by an evening reception at the 'Left Bank'** restaurant in Hereford. This will be open to a mixture of suppliers and clients. The exhibition and BBQ is a non-profitable event with all proceeds going to military charities. Providence will be holding a raffle and auction during the BBQ and would welcome appropriate donations to the prize fund. Of course donations received will be announced alongside the sponsoring companies name. Please do not hesitate to contact me should you wish to discuss in further detail. Buongiorno,

In allegato i dettagli della richiesta in oggetto.

Per quanto riguarda il pernottamento, nel form è stato indicato un hotel, nel quale è **possibile scegliere stanze con cucina all'interno, ma sembra non avere buonissime recensioni**. Potreste indicarmi hotel nella zona (se conosciuti) che abbiano le stesse caratteristiche ma meglio recensiti? La località deve rimanere Reston.

Attendo riscontro e ringrazio anticipatamente.

Good morning,

I am writing to update you on the exhibition scheduled for the 27th August 2015. Providence have over 100 guests already confirmed from the Police, Military and Government community. I am still finalising the exhibition floor plan and will forward as soon as it has been finalised. Each company will have a 6ft table and chair with power socket. Internet connection will be available from two independent Wi-Fi spots. (GSM coverage is quite poor on site, the entire exhibition will be sharing the Wi-Fi so please plan accordingly).

I have attached the invoice for payment. Please can you pay in advance to secure placement and if you have not already done so, send me a list of names for the exhibitors indicating if you are planning to stay for the BBQ. Set up will be from **1200hrs on the 26th August followed by an evening reception at the 'Left Bank'** restaurant in Hereford. This will be open to a mixture of suppliers and clients.

The exhibition and BBQ is a non-profitable event with all proceeds going to military charities. Providence will be holding a raffle and auction during the BBQ and would welcome appropriate donations to the prize fund. Of course donations received will be announced alongside the sponsoring companies name.

Please do not hesitate to contact me should you wish to discuss in further detail.

Kind regards

Darren Ennis

Direi che l'unico con tariffa decente, il Best Western, é a più di un'ora di distanza da dove mi devo recare la mattina successiva, e considerando il traffico é molto scomodo.

Se non ci sono alternative migliori, uno dei primi due va bene.

Direi che l'unico con tariffa decente, il Best Western, é a più di un'ora di distanza da dove mi devo recare.

di seguito quotazione della struttura indicata nel form:

ESA WASHINGTON DC RESTON (h)

INDIRIZZO: 12190 SUNSET HILLS RD. - RESTON TARIFFA : usd 64.99 (58.00 eur) a notte + 12% di tasse = usd 72.79 (65.00 eur) a notte tasse incluse, colazione esclusa TIPOLOGIA DI CAMERA: studio CANCELLATION POLICY: 6PM locali di 2gg antecedenti l'arrivo

La struttura risulta essere disponibile per entrambi i periodi di soggiorno.

Risultano esserci altre strutture che abbiano le stesse caratteristiche, ma non nella località di Reston, bisognerebbe spostarsi almeno su Herndon.

Buongiorno,

In allegato i dettagli della richiesta in oggetto.

Per quanto riguarda il pernottamento, nel form è stato indicato un hotel, nel quale è possibile scegliere stanze con **cucina all'interno, ma sembra non avere buonissime** recensioni. Potreste indicarmi hotel nella zona (se conosciuti) che abbiano le stesse caratteristiche ma meglio recensiti? La località deve rimanere Reston.

Attendo riscontro e ringrazio anticipatamente.

Ciao Antonella,  
di seguito quotazione della struttura indicata nel form:

ESA WASHINGTON DC RESTON (h)

INDIRIZZO: 12190 SUNSET HILLS RD. - RESTON TARIFFA : usd 64.99 (58.00 eur) a notte + 12% di tasse = usd 72.79 (65.00 eur) a notte tasse incluse, colazione esclusa TIPOLOGIA DI CAMERA: studio CANCELLATION POLICY: 6PM locali di 2gg antecedenti l'arrivo

La struttura risulta essere disponibile per entrambi i periodi di soggiorno.

Risultano esserci altre strutture che abbiano le stesse caratteristiche, ma non nella località di Reston, bisognerebbe spostarsi almeno su Herndon.

In allegato i dettagli della richiesta in oggetto.

Per quanto riguarda il pernottamento, nel form è stato indicato un hotel, nel quale è possibile scegliere stanze con cucina **all'interno, ma sembra non avere buonissime** recensioni. Potreste indicarmi hotel nella zona (se conosciuti) che abbiano le stesse caratteristiche ma meglio recensiti? La località deve rimanere Reston.

Dear Philippe,

regarding Providence event of next August, I indicated on the registration form the following participants:

- Giancarlo Russo;
- Philippe Vinci;
- Massimiliano Luppi;
- Alessandro Scarafile;

Are these names confirmed? The deadline for communicating the names of attendees is June 25th .

Moreover, do you confirm me that you will attend only on August 27th (Providence Exhibition from 10:00 to 15:00 plus BBQ)? In the email below they mention the reception @ Left Bank restaurant, whose attendance should be confirmed no later than June 25th too.

Good morning,

I am writing to update you on the exhibition scheduled for the 27th August 2015. Providence have over 100 guests already confirmed from the Police, Military and Government community. I am still finalising the exhibition floor plan and will forward as soon as it has been finalised. Each company will have a 6ft table and chair with power socket. Internet connection will be available from two independent Wi-Fi spots. (GSM coverage is quite poor on site, the entire exhibition will be sharing the Wi-Fi so please plan accordingly).

I have attached the invoice for payment. Please can you pay in advance to secure placement and if you have not already done so, send me a list of names for the exhibitors indicating if you are planning to stay for the BBQ. Set up will be from **1200hrs on the 26th August followed by an evening reception at the 'Left Bank'** restaurant in Hereford. This will be open to a mixture of suppliers and clients.

The exhibition and BBQ is a non-profitable event with all proceeds going to military charities. Providence will be holding a raffle and auction during the BBQ and would welcome appropriate donations to the prize fund. Of course donations received will be announced alongside the sponsoring companies name.

Please do not hesitate to contact me should you wish to discuss in further detail.

Kind regards

Darren Ennis
