Founded and headquartered in Bad Homburg, Germany, the ATIS group has 200 employees, of which the majority are engineers, in 6 countries across Europe, Asia and North America. Drawing on a long history of success and experience – 60 years in recording technology and 15 years in the field of integrated lawful interception – ATIS is a key technology partner for both the public and private sector.

We aim to maintain our tradition as an innovative, internationally oriented, independent and privately held company providing timely recording, lawful interception and information analysis solutions for the most pressing needs of our customers in the public and private sectors. Based on a continuous drive for technology leadership and a solution-oriented approach, ATIS seeks to forge mutually beneficial, long-term partnerships with its customers across cultural and geographical boundaries.
